

Submitter: Mary W

On Behalf Of:

Committee: Senate Committee On Education

Measure: SB551

I am a fire arms owner. I train continuously to be a better handler of my firearms.

People who use fire arms to harm others do not follow any rules except their own. Any rules you make to try and control them will not work.

Those rules will only limit and harm people following their own good, sound judgement using their god given constitutional right to bear a use arms.

Thank you,
Mary W.
