

Submitter: Steve Woodward

On Behalf Of:

Committee: Senate Committee On Education

Measure: SB551

As a family that works in both public safety and teaching, I do not want government (Legislature, OHA, schools) deciding what to teach our children about firearms. My wife and I will make those decisions. Until SRO's are brought back to our Salem-Keizer district, I won't be convinced that politicians care about the safety of our kids.
