NO !!!!!!!!!!! Enough of this.....

Instead of wasting time and money with this non-sense why don't you do something useful. That WE THE PEOPLE pay you to do or resign.

Oh, like securing the elections.

1. Cleaning up the voter rolls. So that actual legal voters are on the rolls only.
2. Get Rid of Motor Voter and any other automatic voter registration.
3. Making election day a state holiday.
4. 1 day voting
5. In person only showing ID to vote [ exception - out of country military [with proof] - out of the country for your job [ with proof] - those physically unable to travel to the polls [ with proof]
6. Ballots counted by hand same day at the polls. Verified with 3 hand counts.
7. Totals hand carried to each County for County tally then to a central place for state tally. Then verified for accuracy.

This is a good place to start.
