

Submitter: NW Coastal Range

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure: HB2700

HB 2700 HOUSE COMMITTEE ON CLIMATE, ENERGY, AND ENVIRONMENT

Unless tractor manufacturers have designed a tractor that can operate at least 12-14 hours continuously, if not 24 hours a day, electric/electric conversion tractors are not designed for large farming and/or planting/harvesting 24/7, at times commercial farming requires.

Taxpayers should not be responsible for giving a wealthy hobby farmer incentives for a show piece for their equipment barn.
