On Behalf Of:

Committee: Senate Committee On Education

Measure: SB551

The proposed bill does not contain Exact Languages in the SPECIFIC CONCEPTS of the Qualifications of THE TRAINING of any "person or entity" that will potentially be "in control" of said FIREARM (Weapons, Hand Guns, Rifles, whatever).

Lack of TRAINING is a CLEAR DANGER, especially in a "SCHOOL ZONE". I was fully TRAINED to "handle FIREARMS" when I was 12 years old, by a World War I VETERAN, who did so because He Wanted me ALIVE, Grandfathers are like that.

I was FULLY TRAINED, when I entered US ARMY Basic Training, in 1968.
