

Submitter: Michael Carlson

On Behalf Of:

Committee: Senate Committee On Energy and Environment

Measure: SB522

Chair and Vice-Chairs,

Thank you for the opportunity to submit testimony.

It is disheartening but not surprising that the Democratic majority is continuing to push their tyranny on all of us. Spend my tax dollars on something more worthwhile. All you are doing is making Oregon even more unaffordable.

Proud to have supported the walkouts and truck rallies at the Capitol. The insanity in the marble nuthouse needs to stop.

Thank you.
