

Submitter: Athlyn Wooton

On Behalf Of:

Committee: House Committee On Rules

Measure: HJR20

Dear Committee Members and Oregonians,

I oppose HJR 20 because children are not educated enough from my experience, the last thing 16 year olds are thinking about is politics and unless they have good parents they won't know what's really going on. They can't make educated decisions about important issues effected the people in Oregon.
