

**I OPPOSE [HB 2294]...as written**

[HB 2294] is a tad bit short of details to support a [\$20,000,000] allocation from the GENERAL FUND.

How many "Hands will be in this cookie jar?"

If the budget allocation went directly to the Fire Districts and or Departments-Like it should, at least there will be accountability to fund expenditures.

Left up to "Local Communities"... "Hell-No."
