

**I OPPOSE [SB 67]...very, very reluctantly. Landlords must file suit on Tenants / State.**

**The Legislature "Bought Votes from Tenants" via the Eviction Moratoriums.**

**Now the Legislature wants to "Buy the Landlord Votes" at taxpayer expense via "tax-credits."**

**The Taxpayers must now fill the budget-hole from tax-credits created by Eviction Moratoriums.**

**We call the above, "Vote Buying while dancing the Oregonian two-step."**

[SB 67] is one of those types of Legislation that boils down to, "You're Damned if you do and You're Damned if you don't."

Governor Brown and the Legislature caused this mess and now, the Legislature wants the taxpayers to subsidize their gross mistake concerning COVID related eviction moratoriums.

\*\*If you "Support [SB 67]" you swing wide-open the doors of fraud, abuse and the taxpayers are compelled to subsidize your screw-ups, again.

\*\*If you "Oppose [SB 67]" you become a pariah to every Landlord in this state.

Landlord's must still file suit against the State and the non-paying tenants.

**Eviction Moratoriums should be outlawed as a result of this mess.**

The Legislature must communicate to all people in Oregon, you must have personal responsibility for your acts and decisions.

If you cannot afford to support yourself in Oregon, you must move and live elsewhere. The Recession or Depression will eventually arrive. God help us all if and when it does.

Special funding sources should be constructed to temporarily aid the disabled and elderly Oregonians who are citizens of the United States of America and not be administered by any and all, "Non-profit, Not for Profit and or Public Benefit Corporations."

Mr. Oregon Concurr...It's only going to get worse.
