

I OPPOSE [SB 624]...

From the "Summary of [SB 624]:Establishes certified community behavioral health clinic program in Oregon Health Authority."

Nah...I just do not agree.

I Oppose **[SB 624]** because it is simply "window dressing" which will: have no long-term successes, does not address support for all Oregonian Hospitals, allows OHA to continue to metastasize and to provide the "Full-employment act" of participating blood-sucking Non-profit corporations whose administrative costs are more costly than the patient care provided.*

* I forgot to add, "...and therefore **[SB 624]** is a complete waste of money."

The patient care is needed but, you've got to find a better way than **[SB 624]**.
