My name is JoAnn Udycz, and I am a 9 year old 3rd grader at Creative Science School. [Creative science is in the Portland Public School system ] CSS is about 1.6 miles from my house, and I bike there when its warm with my dad. I would like to tell you how important a bike bus can be. A big group of people [regardless of age] is more visible than just me and my dad. Being in a bike bus would make me safer. I think bike buses are better than cars as it doesn't pollute the air, which helps our environment.
