

I OPPOSE [HJR 20]...The Chinese Military Planners are laughing at us.

From The "Summary: {HJR 20} Proposes amendment to Oregon Constitution lowering voting age from 18 years of age to 16 years of age. Refers proposed amendment to people for their approval or rejection at next regular general election."

The United States of America produced the "finest generation" of any time on the earth.

Oregon once had the finest schools in the nation.

Now it's a free-for-all; crime is everywhere, illegal drug use is rampant and kids are getting closer to vote.

Will their parent's have to sign a "permission slip" so their kids can vote?" Will County Clerks be required to validate the "permission slips?"

Will 16 year-old kids be required to sign-up for the "Draft?"

The stinking socialists, Marxist-Democrats are destroying our Nation.

Another complete waste of time and money.

David S. Wall

Mr. Oregon Concur...The clock is ticking. Change will occur.
