Measure: HB3222

Chair Helm, Vice-Chair Hartman and Owens, and members of the Committee.

I am writing to provide a neutral testimony on the recently proposed bill HB3222 that appropriates funds from the General Fund to the Oregon Department of Administrative Services for distribution to the High Desert Partnership for specified purposes. I have carefully reviewed the provisions of this bill and considered its potential impact on the community.

I understand that this bill has been declared an emergency, effective on passage, and aims to allocate funds to the High Desert Partnership for certain purposes. While I appreciate the intention to support community development and economic growth, I believe that it is important to carefully review the details of this proposal before making a final decision.

It is my responsibility to represent the best interests of our districts and ensure that taxpayer funds are used efficiently and effectively. Therefore, I urge the legislature to review the provisions of this bill thoroughly and evaluate its potential impact on our community before making a final decision.

Thank you for considering my views on this important matter. I look forward to working together to promote the welfare and prosperity of our districts.
