Measure: SB610

This bill only makes the magnet stronger to attract people to the State illegally. The taxpayers already have to pay more for schools, public safety, and any other service or program accessed or affected by those here illegally. If the proponents would apply the same metrics to the taxpayers that they want applied to the illegals it would be clear that this bill is unjust, unfair, insulting and just plain wrong. As demand for food goes up, so go the prices. If demand is lowered, so go the prices. Meanwhile, the taxpayer never gets a piece of the pie.
