

Submitter: James Overstreet

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure: SB422

I am a 55 year old motorcyclist resident of SE Portland. I have been here in Oregon since 2001. Prior to that, I was a resident of California and have experienced the positive benefits of motorcycle lane sharing first hand. Motorcycle lane sharing reduces traffic congestion, reduces environmental pollution, and greatly reduces threat of injury or death for the motorcycle operator.

Please support SB422. Thank You,
James Overstreet
