

Submitter: Matt Fellows  
On Behalf Of:  
Committee: Senate Committee On Judiciary  
Measure: SB422

I am urging you to support this legislation. I am a motorcyclist in Oregon, and I have been riding here for approximately 8 years. And I previously lived in California where obviously lane splitting is legal and safe. It's just so dangerous for us here in Oregon with the laws the way they are. We are forced to operate in stop-and-go traffic with 7000+ pound vehicles both in front and behind us. is my hope and prayer that you guys will see fit to pass this legislation, and potentially, save the lives of many many people.
