

Submitter: Meylan Thoresen

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure: SB422

As a long time rider I believe that this bill would be a good idea to not only help ease congestion but also rider safety as many bike related accidents are from being rear ended while stopped. I know there are many drivers that are opposed to this as they feel that the bikes are getting "cuts" in line and I'm sure there will be some rage issues but hopefully in time everyone can get along
