

Submitter: Bevin Ankrom
On Behalf Of:
Committee: Senate Committee On Judiciary
Measure: SB422

I am a law abiding motorcyclist. I fully support the implementation of SB422. I have found myself in situations where it would be of benefit to my safety if I could move at a slow pace between stopped/slowed cars on highways and interstates in Oregon. There is data from other states that shows this is a safe practice for motorcyclists. Please pass this legislation.
