Measure: SB422

Please pass SB 422. As an avid motorcyclist for over 40 years, I feel this is a safety measure that can save lives as well as limbs, fuel, time and congestion on the roadways of Oregon. If passed into law, Oregon riders will be much safer from getting rear ended by an unaware driver. It is bad enough for a car to get hit from behind but when a motorcycle gets hit, the consequences are tremendous.
