Committee: Senate Committee On Judiciary
Measure: SB422

I support SB422, with proper conditions. I am a former Head Road Captain for the Salem Harley Owners Group. Traffic jams with Motorcycles interspersed with Autos and Trucks, are inherently dangerous for the Motorcycle rider. Lane Sharing at speed is extremely dangerous and should not be part of the bill. As a former California resident, there are times when Lane sharing can be and should be safe and legal. However speeds above 25 miles an hour should not be allowed.

Thank You for your consideration.
