

Submitter: Brad Plowman
On Behalf Of:
Committee: Senate Committee On Judiciary
Measure: SB422

I have been riding for 39 years. The ages of 15-25 I rode in California where lane filtering is encouraged. I have avoided many accidents with this practice. Cars have also asked me to lane spilt so they could have my spot in traffic. I feel with more people riding, this will help with accidents, and traffic congestion.

Thank you,
Brad Plowman
