

Submitter: Doug Fancy  
On Behalf Of: SB422  
Committee: Senate Committee On Judiciary  
Measure: SB422

Hello,

I have relocated to Oregon after a lifetime of living in so. Calif. I can strongly recommend that you enact this law as it is much safer for motorcycles. Leaving a motorcyclist in the middle of traffic with no outlet in case of emergency is dangerous. Many vehicles do not see motorcycles in traffic. I have personally had to evacuate a lane because of a motorist coming behind me too fast. I implore you to enact this law to save motorcyclists lives and to prevent additional accidents.
