

Submitter: Henry Abel

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure: SB422

Hello. I am a life-long motorcycle rider in Oregon and am writing in support of SB422. With traffic and congestion increasing in a lot of our larger Oregon cities, this is a small but easy fix to increase traffic flow and safety for Oregon motorcyclists. It also frees up a small amount of traffic lanes for automobiles. Please support SB422.
