

Submitter: Richard Elliott Jr
On Behalf Of:
Committee: Senate Committee On Judiciary
Measure: SB422

As a newer rider, and someone who knows riders all over the country, I take motorcycle safety very serious and have seen more accidents from motorcycles getting rear ended at traffic lights or stop signs then I care to have seen. Lane sharing, when done correctly is a proven way for motorcyclists like myself to ride safer when done correctly. Those in European countries have been lane sharing and lane filtering for years, and I believe it is time for us to start joining the rest of the world. I urge those who read this to support SB 422, and help lead the way in legalized lane sharing across the US.
