

Submitter: Scott Long

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure: SB422

I'm in support of bill SB422. I commute daily from my residence in Vancouver to my place of employment here in Portland. My primary commuter vehicle is a motorcycle, for fuel efficiency and ease of traffic/parking. Please support this bill. Motorcycles are "in the open" when traffic is concerned. The probability of being hit from behind is quite staggering. This bill is needed for my safety.
