Measure: SB422

As a long-time motorcycle operator, I support SB 422.

I travel extensively throughout Oregon and adjoining states. As a rider with over 40 years of experience, I can personally attest to the fact that stopped traffic presents a dangerous situation to vulnerable motorcyclists. Providing a safe method that allows a motorcycle to filter through stopped traffic reduces the risk of impact from other vehicles. Additionally, allowing motorcycles to filter opens up space and reduces traffic congestion.

Please pass SB 422.
