

Submitter: Richard Burrignt

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure: SB422

I am a year around motorcycle rider who logs 15,000 miles a year in average. I have ridden in almost all the western states as well as California where lane sharing is allowed. I feel safer on multi-lane California roads where I can share the lane in traffic congestion (such as this bill covers). I can safely move between cars to avoid being rear ended with grave injury risk.

I urge you to support SB422.

Thank you,

Richard Burrignt
