

HB 3018 and SB 5514 END HOUSING INSTABILITY FOR SURVIVORS

\$6 Million in SURVIVOR HOUSING FUNDS in CVSSD Budget at Department of Justice

WHAT YOU CAN DO

Permanent, affordable housing is the greatest need facing survivors of domestic and sexual violence (DV/SA) in our state, especially during the statewide housing shortage, rising rent costs, and increasing inflation.

Support \$6 million in Survivor Housing Funds to end housing instability for survivors.

¹ survivors stating that having stable housing has helped them **keep a job, get a job, attend school, receive medical/mental health, or manage child custody**

¹ survivors reporting they **feel better off** than they did prior to receiving assistance

¹ survivors with safe housing **3 months after** receiving assistance

¹ survivors with children who report that **their children are more safe and stable**

1,089

the number of survivors assisted by SHF grant-funded staff in the first 6 months of the program

Translated from Spanish:

"Thank you for the financial aid that was granted to my family and me to have a dignified and safe place to live. Thank you very much for this noble work...I urge you to continue to help all those who need this program; because we all deserve a life free of violence."

CENTER FOR HOPE & SAFETY, MARION CO.

"We supported a survivor whose child had attempted suicide as a way of coping with the trauma of witnessing violence. The survivor was unable to work to care for her child and had gotten behind on rent and utilities. We were able to support them with SHF to bridge that gap so they could care for their own healing and the healing of their children knowing their housing would be secure."
