

Submitter: Brooke Johnson

On Behalf Of:

Committee: House Committee On Behavioral Health and Health Care

Measure: HB2697

This is vital to pass as hospitals are changing staffing regulations to create unsafe environments for patients. Since Covid, the standards are being changed for the worst and the state of standards for Oregon residents is in jeopardy. Frequently patient to nurse ratios have increased and there is threat for these ratios to continue to change for the worst. Please consider this staffing regulations to keep Oregon hospitals safe.
