

Submitter: John Schiavo
On Behalf Of: Lane share Oregon
Committee: Senate Committee On Judiciary
Measure: SB422

The benefits of this bill include: supporting the environment, reducing traffic congestion, improving rider safety by allowing them to vacate the traffic space between stopped vehicles and approaching traffic from behind, and, lastly, avoiding some motorcycles to avoid overheating in traffic. Please support this bill. If this bill passes it will generally raise the visibility of motorcycles on the road, which leads to better overall safety and awareness from other drivers on the road.
