

Submitter: Eric Brown

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure: SB422

As a rider originally from California where lane sharing is legal, I strongly recommend that lane sharing becomes legal in Oregon. Safety first, a rider is less likely to be rear ended and pushed into a vehicle in front of the rider, which is a deadly situation for most riders. And with more people moving to Oregon the roads and interstates are becoming more congested which mean more accident. If Oregon would like less motorcycle accidents and motorcyclist fatalities, this bill will pass.
