

Submitter: Russell Lum
On Behalf Of: Oregon Nurse
Committee: House Committee On Behavioral Health and Health Care
Measure: HB2697

I support HB 2697.

It seems like our unit must trial a new staffing plan that we do not believe will work in order to prove to senior management that we do in fact need a nurse that can come help during breaks or other busy times factored into our staffing plan. —Oregon nurse at Portland acute care hospital
