

Submitter: Russell Lum
On Behalf Of: Madison Verzino RN
Committee: House Committee On Behavioral Health and Health Care
Measure: HB2697

Support HB 2697.

I can meet the care needs of my patients when I sacrifice my own breaks, which I do frequently. We need a dedicated break nurse to ensure we can fully hand off patients and be assured they will get the cares they need. —Madison Verzino, RN at Portland acute care hospital
