Measure: SB603

This bill should never see the light of day. Oregonians can not continue to pay for public handouts for those who refuse to support themselves. Mind you, I am all for helping those who are unable to help themselves. I am not in favor of giving money to those who are not willing to help themselves. The public should not be paying for their drugs, alcohol or food. I worked until I was seventy-six ytears old, and am now eighty. I do not have enough money for these pie-in-the-sky dreams of those who will not hold people accountable for their own actions.
