

Submitter: Robert Heilman

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure: SB422

This bill could save the lives of Motorcyclists stopped in traffic. There are far too many distracted drivers that rear end stopped motorcycles causing rider and passenger serious injuries or deaths. By allowing motorcycles to filter through stopped or slow moving traffic can help keep Motorcyclists out of harms way. Additionally, by keeping air cooled motorcycles moving through traffic, there is less chance of the engine overheating and causing significant damage to the motor. I urge the legislature to pass this bill for the safety of Oregon Motorcyclists. Thank you for your consideration.
