

Submitter: Steven Wilkerson

On Behalf Of:

Committee: Senate Committee On Health Care

Measure: SB303

If you actually want to help your constituents, and honor the will of voting Oregonians, you cannot vote in favor of this proposal.

Service centers and facilitators are taking major financial and legal risks to deliver psilocybin services. Mandated data collection while psilocybin continues to be federally illegal is a threat to Oregonians' privacy, and an affront to the voters and the measure they passed.
