

Submitter: Jonah Kreitzberg

On Behalf
Of:

Committee: House Committee On Agriculture, Land Use, Natural Resources, and
Water

Measure: HB3159

When I travel around the country, I find myself proud of my home state because of its natural beauty and the hard earned environmental programs that keep that that nature thriving. As a young person, I'm acutely aware that upcoming decades are going to critically threaten Oregon's precious wildlife. Climate change and ecological collapse serious dangers to our natural heritage. PLEASE recognize the need to proactively respond to these threats before it's too late!
