On Behalf Of:

Committee: Senate Committee On Judiciary

Measure: SB422

I am a motorcyclist and motorcycle Industry Professional that is in favor of lane sharing. Any "special interest" groups that are against lane splitting for any reason are not reflecting my interests. I spent a decade in Southern California lane sharing. I never felt safer or more in control that when able to do it. Riding in Oregon traffic is extremely dangerous due to the fact that I am constantly stuck in blind spots because I am not able to filter.

Thank You,
