

Submitter: Brenton Lee

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure: SB422

I grew up riding in Melbourne, Australia where filtering is exceptionally normal. When I started riding in Oregon I have never felt so defenseless and exposed to risk (imposed on me by other drivers) as I have when sitting in stop and go traffic in Portland. Filtering is not complicated and anyone who tested and got a license should be competent enough to do it.
