

Submitter: Conrad Conterno  
On Behalf Of:  
Committee: Senate Committee On Judiciary  
Measure: SB422

Please allow lane filtering. It helps prevent rear end collisions, helps alleviate congestion and is simply a logical thing for motorcycle commuters to do when cars and trucks are stuck in traffic. Legalizing this maneuver will give credibility to what motorcycle commuters already know to be safe, therefore helping motorists kn Oregon understand and embrace it too. Having previously lived and rode in locations that permit filtering I know that other motorists accept it, and anticipate it.
