

Submitter: Aaron Huitt

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure: SB422

Lane splitting should be legal. Allow motorcycles to travel safely when traffic is at its worst. Ease congestion without creating more of it. It just makes sense. Just because you are scared of it or don't understand it doesn't mean that you should block it for those who do. As the climate continues to warm in Oregon, motorcycles are going to be more and more valuable to ease congestion. Allow us to help you legislate safety and progressiveness on the roads.
