

Submitter: Derek Becker

On Behalf Of:

Committee: Senate Committee On Housing and Development

Measure: SB603

Members of the Committee,

I strongly oppose SB 603. There is an old saying: If you want more of something, subsidize it. If you want less of something, tax it heavily. What SB 603 will do is subsidize homelessness and poverty. When there is free money, it will attract those who will game the system. Additionally, giving free money reduces the motivation for people to take care of themselves. If you want more people reliant on government that is what you will get with this legislation and you will have to heavily tax those who produce to pay for it. Those who produce will grow tired of footing the bill and ultimately leave the State.

Vote NO on SB 603
