

Submitter: Hawk Chait

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure: SB422

I have been a motorcycle rider for 35 years. I grew up in California riding year round. Splitting lanes as standard riding practice, it reduces traffic congestion and reduces vehicle motorcycle collisions. I am a big supporter of lane splitting/ filtering. I have lived in Oregon for 15 years and believe that it it would be beneficial to implement lane splitting here
