

Submitter: Brian Higgins
On Behalf Of:
Committee: Senate Committee On Judiciary
Measure: SB422

It is extremely dangerous for a motorcycle rider to be the last vehicle and I stopped the line of traffic. A few years ago I was rear ended in this situation by a person doing almost 40. I am lucky to be alive. I'm still suffering from complications due to this accident. Please do the smart and compassionate thing and help others avoid my situation.
