

Submitter: Frederick DeOgny
On Behalf Of:
Committee: Senate Committee On Judiciary
Measure: SB422

Hello and thank you for your time and review of my position. I am requesting that you please support SB422. I am an executive with a global organization HQed in France and, based on my experience, the US, and Oregon especially, is far behind the rest of the world in implementing opportunities for both safe and efficient transportation. Oregon could lead the US in providing incentives for people to travel more efficiently on two-wheeled vehicles. SB422 is a great first step.
