Measure: HB3159

I am writing to urge you to support HB 3159, the Recovering Oregon's Wildlife Fund. As an avid hiker, backpacker, camper, birdwatcher and all around nature lover; one of the reasons we moved here in 2004 was for Oregon's natural beauty, amazing variety of wild places, and easy access to these places. However, these places and the wildlife that live there are under mounting threats from climate change, habitat loss, human population growth, among others. Please vote yes on HB 3159 to protect our endangered wildlife and ecosystems so that Oregonians now and in the future may enjoy the wonders that make Oregon stand out as a great place to visit and an even greater place to live. Thank you for your time.
