

Submitter: Joon Ae Haworth-Kaufka

On Behalf Of:

Committee: Senate Committee On Housing and Development

Measure: SB603

Time and time again, guaranteed basic income / direct cash programs are proving to be extremely effective in providing an income floor to help lift people out of poverty and despair, or to at least stabilize and staunch the immediate wound of poverty. The data is undeniable. Please support SB603; it provides resources to low-income individuals who need help to stay housed. See for yourself:
