

Submitter: James Radway

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure: SB422

Hello, my name is james and I stand in support of the lane sharing bill because I myself am a rider and have been in a situation where sharing the lane has prevented serious damage from occurring on my air cooled motor. When in traffic it can be incredibly harmful to sit and let your bike over heat in traffic. This can lead to thousand in losses. So please consider passing this bill!
