

Submitter: Michelle Tubbs

On Behalf Of:

Committee: Senate Committee On Housing and Development

Measure: SB603

I am extremely concerned about this bill & DO NOT support it! This will make the drug crisis in our city & state exponentially worse. You cannot throw money at a problem when humans are at a point of being unable to help themselves. This is an utter misuse of taxpayer dollars, shortsighted & wrong. You will only drive your taxpayers out!!! This is not a solution to homelessness, especially for the mentally challenged and the drug addicted!!!
