

Submitter: Kelly Lewis

On Behalf Of:

Committee: Senate Committee On Housing and Development

Measure: SB603

I am

A Portland tax paying citizen and i greatly oppose this bill! This will create more drug problems

And homelessness - not solve it. And your penilizing the tax paying hard working folks of Portland!

This bill is outrageous and in complete lack of care for all the people in Portland suffering from the hands of high crime & drug addicts they move here as it's so easy to break the law without penalty ! I've lived here 50 years and it's gone diwn hill by measures like this.

Vote no on this bill!
